

Tag-Tails Acceptable Use Policy

Tag-Tails Acceptable Use Policy

Last updated: 18 September 2026

1. Purpose

This Acceptable Use Policy explains how users, pet owners, and finders must interact with the Tag-Tails system, including QR tags, the website, SMS alerts, and any associated services. The goal is to keep the platform safe, lawful, and reliable for everyone.

2. Scope

This policy applies to:

- Tag-Tails account holders
 - Finders who scan a Tag-Tails QR tag
 - Anyone using Tag-Tails services, features, or communication tools
-

3. Permitted Use

Users may use Tag-Tails to:

- Register pets and manage QR tag profiles
 - Help reunite lost pets with their owners
 - Receive notifications and alerts
 - Communicate with finders responsibly
 - Access subscription features (if subscribed)
-

4. Prohibited Use

You must **not** use Tag-Tails for:

- Any unlawful activity
- Harassment, bullying, or intimidation
- Uploading false or misleading pet information
- Attempting to track individuals without consent
- Attempting to access another user's account

- Scanning tags excessively or maliciously
 - Interfering with Tag-Tails servers or security
 - Sending spam or unsolicited messages
 - Attempting to reverse-engineer QR codes or backend systems
 - Using Tag-Tails for commercial advertising or promotion
 - Misusing GPS/SMS alerts for non-pet-related purposes
-

5. Finder Responsibilities

Finders who scan a QR tag agree to:

- Contact the pet owner only for the purpose of reporting a found pet
 - Not misuse, store, or share any personal information displayed
 - Not harass or pressure the owner
 - Not use scan data for any unrelated purpose
-

6. User Responsibilities

Pet owners agree to:

- Keep contact details accurate
 - Use the system respectfully
 - Ensure tags are attached safely to pets
 - Not misuse subscription features
 - Report lost or stolen tags promptly
-

7. System Integrity

Users must not:

- Attempt to bypass security controls
 - Use automated tools to scan or scrape Tag-Tails data
 - Upload harmful code, scripts, or malware
 - Attempt to overload or disrupt the service
-

8. Data Protection

All users must respect privacy and data protection rules. Tag-Tails complies with UK GDPR and expects users to do the same.

9. Enforcement

Tag-Tails may:

- Suspend or terminate accounts violating this policy
 - Block abusive scanning behaviour
 - Restrict access to features if misuse is detected
 - Report serious misuse to authorities where required
-

10. Reporting Abuse

If you encounter misuse, contact: **support@tag-tails.co.uk**

11. Changes to This Policy

Tag-Tails may update this policy periodically. Continued use of the service indicates acceptance of any changes.

If you want the **Cookie Policy** or **Finder Terms**, I can generate those next.
